Signage & Graphics—Art Preparation & Submission Guidelines

Please follow these guidelines when preparing and submitting artwork for graphic reproduction. Adhering to these steps will help ensure your graphics are produced at the highest quality and will have the greatest visual impact. If you have questions, please contact our Exhibitor Service Team for more information.

 **APPLICATIONS:** Art work may be submitted as **Adobe Illustrator™** or **Adobe Photoshop™** files. Illustrator™ is preferred for large format printing. Files that are created using other programs should be saved and exported as PDF files.

Please be sure to include all supporting elements such as fonts, linked images, effects, etc..

Illustrator™ special effects such as glows, drop shadows, etc., are not recommended. These effects sometimes give unpredictable results in large format printing.

 **FONTS:** Fonts must be converted to outlines. If outlines are not created, then Mac compatible fonts must be supplied with original art files.

 **COLOR SPECIFICATIONS:** All files are printed in CMYK format. To ensure the best possible color match, please make sure to call out any PMS colors to match and indicate whether they are coated or uncoated. Select uncoated PMS colors when matching to fabric.

Orders without PMS color call outs are not guaranteed for color.

 **RESOLUTION:** All raster files must be saved at 100-150 dpi at full scale. Work at proportional scales (100%, 50%, 25%) of actual size and indicate at what scale you have created the file.

 **BLEED SPECIFICATION:** All graphics require bleed. Please add 1/2" bleed around the perimeter of all graphics.

 **ARTWORK FILE SUBMISSION:** Files are accepted by email (up to 10mb), file transfer sites (weTransfer™, Hightail™, etc.), cloud storage sites (Dropbox™, Box™), or hard copy (thumb drive, etc.). Please label files and folders in a way that helps identify the particular use for the file.

 **IMPORTANT:** When transmitting art files, please be sure to email your Exhibitor Service Team member at expo.modernexpo.com and cc: design@modernexpo.com

 **IMPORTANT:** For all art related questions, please email design@modernexpo.com or call (801)983-8125.

Material Handling Highlights

Material Handling is the receipt, unloading, storage, transportation and delivery to your booth of your exhibit materials. It also includes removal and storage of empty containers, return to your booth at the close-of-show and loading on to your outbound carrier.

As the Official Exhibition Service Contractor for this event, Modern Expo & Events is the **Exclusive Provider** of Material Handling services.

Exhibitors are allowed to **Hand Carry** materials to their booth space. The use of wheeled dollies, carts, trollies, pallet jacks, etc. may be prohibited.

Exhibitors are allowed to transport their materials directly to show site in **Privately Operated Vehicles (POV's)**. POV's include private sedans, mini vans, SUV's or pick-up trucks. Any other vehicle is considered a commercial vehicle and is subject to Material Handling services.

Shipping to the **Advance Warehouse** ensures that your shipment can arrive in plenty of time. We will store your shipment, free-of-charge for up to 30 days prior to your show. We'll transport your materials to show site and deliver them directly to your booth space. Please note that hazardous materials, materials requiring refrigeration, loose, uncrated, pad-wrapped and/or un-skidded machinery may not be shipped to the Advance Warehouse and must be shipped directly to Show Site.

You may also ship **Direct to Show Site**. We will receive your shipment and deliver it directly to your booth space. Please be aware that the window to receive shipments at show site is very specific and shipments cannot be received prior to the date indicated in this manual.

Material Handling Instructions

How to Ship to Advance Warehouse & Direct to Show Site:

- Remove all old shipping and empty storage labels from items to be shipped.
- Fill out and attach enclosed Advance to Warehouse or Direct to Show Site labels included (or exhibitor generated facsimiles containing all pertinent information).
- Take the time to ensure that your shipments are properly packed and packaged. ME&E is not responsible for goods damaged in shipping (see Terms & Conditions).
- Choose a carrier with trade show experience and schedule a pick-up of your shipment. Confirm that your selected carrier is able to meet the shipping and receiving deadlines for your show.
- Do not send blanket wrapped or uncrated shipments to the Advance Warehouse. Ship these items directly to Show Site.
- Consign all DOMESTIC shipments to Modern Expo & Events.
- Complete and submit enclosed Material Handling Estimate form.
- A properly filled out Bill of Lading must accompany all shipments. Certified weight tickets must accompany all shipments.
- Confirm receipt of your shipment (advance shipments only) with the ME&E team before travelling to show site.
- For INTERNATIONAL shipments, or for other Material Handling questions, please contact our Exhibitor Service team at (801) 983-8160 or expo@modernexpo.com

Benefits of Advance Shipping to Warehouse:

- Storage of materials for up to 30 days prior to your show.
- Delivery of materials directly to your booth space prior to your scheduled move-in time.
- Convention centers, hotels and other event facilities may not have the capability to receive and store your shipments prior to your show dates.

Freight Carriers: Select a carrier with trade show experience. Be sure to give your carrier specific instructions, including dates and times when shipments must be delivered and picked up. Delivery and pick-up times for trade shows often fall outside of "normal" hours, so make sure your carrier is capable of meeting target dates and times.

Estimating Material Handling Charges: Material Handling charges are based on the weight of the shipment. Please refer to the Material Handling Estimate page for pricing details. ME&E cannot and will not accept collect or COD shipments. Crated and uncrated shipments must be separated on individual Bills of Lading with separate weight tickets. Failure to separate crated and uncrated shipments will result in the entire shipment being classified as Special Handling and charge as such.

DEFINITIONS:

Crated Materials are materials that are skidded, crated or in any type of container that can be unloaded at dock level with no additional handling required.

Uncrated/Special Handling Materials are materials that are loose, shrink or pad wrapped, bagged, not skidded or that cannot be unloaded at dock level without additional handling.

Small Package Shipments are cartons or envelopes received without documentation (usually via carries such as UPS, FedEx, etc.). Maximum weight is 50 lbs. per shipment, per delivery. Maximum of three (3) packages per shipment. All shipments received via air carrier or air freight forwarders that do not fall under the Small Package category, or that include more than 3 packages per shipment, may be subject to Special Handling charges.

Transportation Surcharge is charged for shipments that are delivered or picked up "off target" our outside of designated freight delivery and pickup times and dates. See Quick Facts page for designated delivery dates for your show.

Outbound Freight Only is freight handled only at the close of the show. Material Handling fees for Outbound Only shipments include moving materials from your booth space to the dock and loading on your designated carrier.

Machinery Labor and Equipment: Labor and equipment used for uncrating, un-skidding, positioning, leveling installing, dismantling, re-crating and re-skidding must be ordered separately. See the **Forklift** and **Labor** forms to order these services.

Storing Empty Containers: Properly labeled empty shipping containers will be removed from your booth space and stored. They will be returned to you as quickly as possible following the close of the show. Depending on the size of the show, it can take between two and twelve hours to return all empty containers. Please plan accordingly. Empty/Storage labels are available from the Exhibitor Service Desk and must be filled out and attached to your containers when they are ready to be removed. Do not store any material or equipment that you need to access during the show in a container with an Empty/Storage label. If you need to access your container, obtain Accessible Storage labels from the Exhibitor Service Desk. Accessible storage fees may apply. Empty crate storage may not be secure.

Material Handling Instructions (Cont'd)

Outbound Shipments: Each outbound shipment must have a completed ME&E Bill of Lading accompanying the shipment. Bills of Lading are available at the ME&E Exhibitor Service Desk. Exhibitors will need to make their own arrangement for pick-up with their designated freight carrier. An exhibitor representative should remain on-site to ensure that your shipment is picked up as planned. Any shipments that remain on show site past the outbound shipping deadline will be forced out on ME&E's carrier of choice at the exhibitors sole expense. ME&E does not provide carrier shipping label

End-of-Show Outbound Shipping Instructions:

- Exhibitors are responsible for providing pre-printed labels for their outbound shipments. If you do not have pre-printed labels, you can create them online on the website of your designated carrier. Print the labels and place them on all containers in your shipment.
- Schedule pick-up with your designated carrier. This includes small package services such as UPS, FedEx, as well as larger freight carriers such as YRC, TForce Freight, etc. If you do not have a preferred carrier, we can re-route your shipment via our preferred carrier, TForce Freight. You are responsible for all shipping charges.
- Fill out a ME&E Bill of Lading. Please make sure to make a selection in the designated area of the Bill of Lading that lets us know what you would like us to do with your shipment if your carrier fails to pick it up.
- Once you have filled out your Bill of Lading, scheduled pick-up with your carrier, and properly packaged your materials, leave your boxes in the center of your booth space and return the Bill of Lading to the Exhibitor Service Desk. This lets us know your shipment is ready for pick-up and we will then retrieve your shipment, move it to the dock and load it onto your designated carrier when they arrive.
